/ Contact

712, High Road, Lincoln LN1 3DY / 01332 123456 / 07984 123456 / jillysmith@gmail.com

/ Personal statement

I am a competent electrician with a range of experience including maintenance, planned works, new installs etc, for both domestic and commercial settings. I am a well organised and hardworking individual who is independent and self-motivated. I have relocated to Lincoln and I'm looking to reduce the commute.

Time-served electrician with experience in installing, servicing and maintaining electrical systems in accordance with current Edition

Competent in maintaining accurate daily records of work carried out

Full clean UK driving licence / Excellent understanding of health and safety

Easily get along with customers from all walks of life

/ Work history

Electrician / Andy's Houses, Derby / OCTOBER 2013 - DATE

In this varied role I work as part of a time on a manufacturing line which produces timber framed houses. My responsibilities include:

- Installing and maintaining wiring, control and lighting systems
- Identifying electrical problems using a variety of testing devices
- Inspecting electrical components, e.g. transformers, circuit breakers

As the manufacturing line runs from 6am till 11pm, it involves shift working and precise, accurate communication with my colleagues during handover is essential. In addition, because this is a growing business on a tight budget and with minimal staff, it is my job constantly monitor and improve the various areas of output, e.g. quality, cost and service, from a cost, safety and quality perspective.

/ Work history (CONTINUED)

Electrician / Happy Days Holiday Park / NOVEMBER 2012 - SEPTEMBER 2013

In this role I carried out all electrical maintenance related work across the holiday park, ensuring high levels of safety and standards were met in order to exceed guest expectations. My duties included:

- Electrical testing in accordance with the (then applicable) 17th Edition qualification.
- Diagnosing faults, identifying parts required and repairing electrical appliances.
- Responding to urgent issues quickly and professionally.
- Maintaining a schedule for safety testing.
- Training others on correct and safe installation and/or set up of electrical equipment such as TVs and lighting.
- Updating the park's record system on completion of all work and following up planned actions.

Electrician / Emott Homes, Derby / AUGUST 2011 - OCTOBER 2012

In this part time role I worked as part of a team, upgrading electrical components across the city of Derby. These included, for example, upgrading LED lighting in communal areas, changing consumer units and other electrical projects. I was required to work to professional standards, keeping meticulous records and delivering an excellent customer experience at all times.
