PERSONAL STATEMENT

I am an Early Years Practitioner, qualified to Level 3 (C&G). In each of my roles I have supported the day-to-day running and organisation, suggesting and implementing improvements (particularly in relation to sustainability) and ensuring all resources are well managed and used effectively. At all times I have maintained the highest standards of safety, hygiene and food handling in my roles.

Interests: Outside of work I love spending time with my 2 children (ages 8 and 5). I am also passionate about protecting wildlife & wild spaces. I volunteer regularly at the weekends/holidays with the Derbyshire Wildlife Trust

ACHIEVEMENTS

- Introduced kid-sized recycling bins with printed pictures in previous role to get children in after-school club involved in the sorting. Reduced club's waste by 40% while teaching children important lessons about recycling and the environment.
- Switched all of our supply of stationary and arts/crafts materials to recycled and FSC, and identified a suitable recycling service for our batteries/ink cartridges.
- Switched all food supplies in previous role to fair-trade and/or organic food, introduced composting bins which the children were involved with, and set up a veg/fruit garden to encourage children to 'grow your own'.
- Created a whole range of activities for the children around encouraging wildlife in the school garden. Consequently, the school was featured in the local papers twice.
- Switched all cleaning products in previous role to eco-friendly alternatives, making the school more sustainable and in fact saving 15% on the cost.
